Editorial Board	iii
ICPIES 2026 Organizing Committee	iv
List of Reviewers	vi
Message from Hon. Prime Minister	1
Message from Vice Chancellor; The Open University of Sri Lanka	3
Message from Dean of Faculty of Engineering Technology; The Open University of Sri Lanka	4
Message from Conference Chairs.....	5
Prof. Jagath Manatunge.....	5
Prof. Bandunee Athapattu	6
Keynote Address 01: Beyond the Blueprint: Engineering Adoption in the Age of AI	7
Keynote Address 02: Advancing Sustainable and Resilient Development through Integrated Environmental Management	9
 Plastic Pollution and Impacts: Microplastics in Terrestrial and Marine Ecosystems.....	 11
Macro and Micro-Litter Pollution at Crow Island Beach: Abundance and Composition.....	12
Design and Evaluation of a Biochar-Integrated Supramolecular Fibrous Framework for Efficient Microplastics Removal from Aqueous Environments	17
Waste-Derived Nitrogen-Doped Biochar for Persulfate Activation and Bisphenol A Degradation.....	22
Assessment of Microplastic Pollution in the Kelani and Gin River Drinking Water Intake Points in Sri Lanka.....	28
The Plastic Poverty Premium: A Market Price Analysis of Small Format Packaging in Sri Lanka.....	35
Microplastic Pollution in Sri Lankan Mangrove-Associated Ecosystems: Occurrence, Ecological Implications, and Research Gaps (2015–2025)	39
Household Plastic Waste and the Degradation of the Negombo Lagoon Seabed: A Hermeneutic Phenomenological Study.....	45
 Circular Economy Approaches, Challenges and Opportunities	 51
Plastic Subtype Recognition System Using a TinyML Based Lightweight CNN on ESP32 Smart Bin	52
Preventing Garment Waste at Source: Elastane Feeding Angle in Tights Knitting.....	59
Extraction and Characterization of Sri Lankan Habarala (Alocasia macrorrhizos (L.) G.Don) Fibre for Potential Composite Applications.....	65
Development of Nutmeg Shell (Myristica Fragrans) Powder Reinforced Starch Bioplastic Films	70
Valorization of Eichhornia crassipes for Biodegradable Food Packaging.....	77

Circular Economy Potential of Construction and Agricultural Waste Streams in Sri Lanka: A PRISMA-Based Systematic Review of Recycled Aggregate Concrete and Coconut-Shell Biochar	82
Ecotoxicological Evaluation of <i>Azolla pinnata</i> and <i>Lemna minor</i> for Biomonitoring Cd and Pb Contamination in Aquatic Environments	94
Predictive Modeling of End-of-Life Electric Vehicle Battery Volumes and Environmental Impact in Sri Lanka	101
Policy, Governance, and Regulatory Frameworks for Waste Management	107
Reforming Plastic Waste Governance in Sri Lanka: A Critical Legal Analysis through Comparative Environmental Law and the Right to Life	108
Sri Lanka's Energy Transition: Progress, Emerging Risks, and Pathways to Sustainability	115
The Role of Green Accounting in Supporting Climate Action and SDG 13 in Sri Lanka: A Systematic Literature Review	121
Technological Innovations for Environment Sustainability	128
Echo-Window Sensitivity of Spectral Features in Ultrasonic Backscatter Characterization of PE and PMMA Microplastics	129
Development and Thermal Performance Evaluation of a PCM-Enhanced Concrete Pavement for Surface Temperature Reduction in Tropical Condition	135
Sustainable Natural Feed Optimization and Low-Cost Automated Feeding Systems for Small-Scale Dairy Farms in Sri Lanka	140
A Low-Cost IoT-Enabled Buoy System for Real-Time Detection and Ultrasonication-Based Mitigation of Harmful Algal Blooms in Sri Lankan Freshwater Bodies	146
Materializing Sustainability: Exploring 3D Printing for Innovative Ready-to-Wear Garment Design	151
Designing a Statable Safari Wear Collection for Young Female Tourists in Sri Lanka	161
Develop an optimum mix design of fabric waste reinforced concrete for enhance thermal comfort	167
Integrating Technology and Sustainable Practices: Developing an Eco-Friendly Framework for Sri Lanka's Traditional Brass Craft Industry	172
Mordant Selection in Natural Dyeing of Cotton with <i>Cinnamomum verum</i> Bark Extract: Colour Strength against Rubbing Fastness	178
Timeless Versatility: A Reversible Necklace from Scrap Wood and Embellished Materials ..	184
Timeless Heritage: Integrating Sri Lankan Traditional Crafts into Contemporary Streetwear Inspired by the "SESATH"	192
AI and Smart Technologies for Monitoring and Restoring Planetary Health	197
A Review of Flood Hazard Assessment and Risk Zone Identification Using Conventional Physical Models and Machine Learning Algorithms: A Study of the Kalu River Basin	198

Sri Lankan Tamil Sign Language Recognition Using Machine Learning and Computer Vision: A Systematic Literature Review	207
MyAiPlate: A Mobile Application for Personalized Nutrition Using YOLOv8 Food Recognition and a Hybrid LSTM-DQN Model for Real-Time Meal Plan Adaptation.....	214
Integrating Artificial Intelligence and Satellite Telemetry into Coastal Conservation and Marine Pollution Legislation: A Feasible Legislative Model for Sri Lanka.....	220
Graph-Theoretic Diffusion Modelling of Soil Organic Carbon Propagation in Paddy-Field Networks	226
A GAN-Based Inpainting Framework for Smoke Removal in Critical Safety Imagery.....	232
Analyzing the Relationship Between Cloud-Native Architectural Patterns and Software Quality in AI-Assisted Development	238
An AI-Assisted Conceptual Framework for Personalized Nutrition Recommendation Based on Oral Mucositis Severity in Head and Neck Cancer Patients.....	246
Bridging Monitoring and Mindset: A Retrieval Augmented LLM Chatbot Framework for Real Time Environmental Education	252
 Climate Change, Computational Modelling and Ecosystem-based Resilience to Natural Hazards	 258
A Review of Dam Break Risk Assessment and Hydraulic Modelling for Climate-Resilient Reservoir Management: A Review with Application to Basnagoda Reservoir, Sri Lanka	259
Machine Learning Framework for Urban Domestic Water Demand Forecasting: A Case Study of the Aththidiya South GN Division	267
Estimating Flow Inefficiencies in the Kaddumurivu Irrigation System through Integrated Hydrodynamic Modeling and Real-Time On-Site Measurement	273
Atmospheric Low-Level Disturbances, Rainfall, and Downstream Flood Risk in the Gal Oya River Basin, Sri Lanka: A Review.....	279
Geospatial Data Science for Soil and Paddy Productivity Monitoring in Sri Lanka: A Multi-Source Public Dataset Analysis	285
A Finite-Difference Diffusion Model for the Surface Spreading of Plastic Pollution in Beira Lake, Colombo, Sri Lanka	292
Climate Change Impact on Surface Water Availability in an Ungauged Basin in Northern Sri Lanka.....	297
 Community Engagement, Mass Communication, and Educational Initiatives for Social Wellbeing and a Plastic-Free Society	 303
From Likes to Lifestyle: Exploring the Gap Between Online Environmental Advocacy and Offline Sustainable Practices Type chapter title (level 2).....	304
Nexus between Indigenous Knowledge and Environmental Sustainability: A Systematic Literature Review.....	313
Closing the Implementation Gap: A Roadmap for Extended Producer Responsibility for Plastics in Sri Lanka through Lessons from the European Union.....	320
